About Alamos Winery: Alamos crafts quality wines from Argentina, offering the best of Mendoza's high-altitude vineyards at an incredible value. Alamos grapes are grown in the foothills of the Andes Mountains at elevations of 3,000 to 5,000 feet, where intense sunlight, cool evening temperatures and mineral-rich irrigation from mountain snowmelt translate to rich wines with intense flavor characteristics. Winemaker Felipe Stahlschmidt combines modern methods with more than a century of historic winemaking techniques to craft Argentine wines of extraordinary quality and value.
